

Notification Of Planned Unavailability

CDP	Revisions	Date Published	Event Date	Expected Duration	Offshore Capacity (MW)	Comments
Bacton SEAL	3	22/10/2018 07:39	18/10/2018	~5 days	6	Export rates to slowly start to increase later today. Normal export levels not expected until Gas Day 23-Oct.
Bacton SEAL	2	21/10/2018 12:05	18/10/2018	~4 days	6	Export rates to slowly start to increase late this afternoon. Normal export levels not expected until Gas Day 22-Oct-2018
Bacton SEAL	1	20/10/2018 11:45	18/10/2018	~3 days	6	Delay in ramping up export rates.
Bacton SEAL	0	18/10/2018 07:33	18/10/2018	~2 days	6	Elgin Franklin flows ramping down for rig move. Works are weather dependent.
St Fergus	1	12/10/2018 07:32	12/10/2018		2.5	Weather impacting works, wells re-opened this morning, normal rates expected later today
St Fergus	0	10/10/2018 07:44	10/10/2018	4 days	4.5	Laggan Tormore export rates reduced for a few days
Bacton SEAL	3	08/08/2018 15:28	30/07/2018	10 days	10	Elgin Franklin start up has commenced. Delivery at Bacton SEAL for Elgin Franklin is forecast for 18:00hrs tonight with a ramp up to normal rates for gas-day 9th August.
Bacton SEAL	2	06/08/2018 15:17	30/07/2018	9 days	10	Restart is delayed. Elgin Franklin start up is currently forecast for 8th August. Ramp-up will be approximately 36 hours.
Bacton SEAL	1	30/07/2018 07:56	30/07/2018	8 days	10	Elgin Franklin export rates have started to ramp down. Delivery at the SEAL terminal for Elgin Franklin is forecast to stop at 1800 hrs today (30th). Elgin Franklin start up is currently forecast for 7th August once the maintenance works is complete. Ramp-up will be approximately 36 hours.
Bacton SEAL	0	29/07/2018 18:27	29/07/2018	8 days	10	Elgin Franklin rates will start to ramp down tonight from midnight onwards for planned maintenance.
Bacton SEAL	0	02/07/2018-09:07	02/08/2018	4-days	10	Elgin Franklin rates will ramp down on the 2nd August. Elgin Franklin rates will ramp up over 2 days following the maintenance works
NSMP SF	5	28/06/2018 05:12	30/05/2018	29 days	2.5	Export has restarted Ramp up to normal rates will take 24-36 hours
NSMP SF	4	27/06/2018 10:14	30/05/2018	29 days	4	Update: A further delay, export is expected today. Ramp up to normal rates will take 24-48 hours
NSMP SF	3	26/06/2018 12:09	30/05/2018	28 days	4	Export expected later today. Ramp up to normal rates will take 24-48 hours
NSMP SF	2	25/06/2018 09:24	30/05/2018	27 days	4	Start up process underway
NSMP SF	1	21/06/2018 18:51	31/05/2018		8	Laggan Tormore flows to start from 1900 today, rates are expected to be close to normal for gas day 22-Jun-2018
NSMP SF	0	21/06/2018 16:00	30/05/2018	26 days	4	Delayed restart of Alwyn
Bacton SEAL	1	01/06/2018 15:41	04/06/2018	3 days	9.5	
Bacton SEAL	0	31/05/2018 21:41	03/06/2018	3 days	9.5	No gas export from Elgin Franklin due to the unavailability of liquid export route. The timings/duration may be subject to delay.
NSMP SF	1	17/06/2018 19:26	31/05/2018	24 days	11.5	Revision due to expected restart being earlier than originally forecast. Timings remain subject to change. Restart should be during 22nd June
NSMP SF	0	06/04/2018 16:00	31/05/2018	29 days	11.5	Ramp down on the 31st May
NSMP SF	0	06/04/2018 15:42	30/05/2018	24 days	4	Ramp down to start on the 29th
NSMP SF	1	28/03/2018 04:59	28/03/2018	1 day	7.2	Rates expected to increase over the course of the day
NSMP SF	0	18/03/2018 17:18	28/03/2018	1 day	7	Planned maintenance works affecting Laggan Tormore export rates (day 4 of 4)
NSMP SF	2	27/03/2018 22:29	27/03/2018	1 Day	8.5	
NSMP SF	1	27/03/2018 05:04	27/03/2018	1 day	11.5	Revisin to forecast
NSMP SF	0	18/03/2018 17:15	27/03/2018	1 day	10	Planned maintenance works affecting Laggan Tormore export rates (day 3 of 4)
NSMP SF	1	26/03/2018 05:14	26/03/2018	1 day	12.2	Revision to forecast
NSMP SF	0	18/03/2018 17:11	26/03/2018	1 day	9	Planned maintenance works affecting Laggan Tormore export rates (day 2 of 4)
NSMP SF	1	24/03/2018 17:20	25/03/2018	1 day	6.7	Update to available capacity
NSMP SF	0	18/03/2018 17:08	25/03/2018	1 day	5	Planned maintenance works affecting Laggan Tormore export rates for 4 days.

Notification Of Unplanned Unavailability

CDP	Revisions	Date Published	Event Date	Expected Duration	Offshore Capacity (MW)	Comments
Bacton SEAL	1	07/10/2018 16:36	07/10/2018			Rates will continue to ramp up over the next few hours. Normal delivery expected for gas day 08-Oct-2018
Bacton SEAL	0	07/10/2018 13:32	07/10/2018		11.2	Flows for Elgin Franklin at Bacton SEAL are forecast to start to reduce from 1400 and stop at 1900 tonight. Restart time currently unknown.
Bacton SEAL	0	24/08/2018 07:05	24/08/2018	2 days	2	Some wells taken offline, duration forecast at 2 days.
Bacton SEAL	1	21/08/2018 20:23	21/08/2018		10	Elgin Franklin delivery at Bacton SEAL to start from 2100 hours. Rates will ramp up overnight and are forecast to be at normal levels by 0900 on gas day 22-Aug-2018
St Fergus	1	21/08/2018 11:33	21/08/2018		2	Alwyn export has started ramp up ongoing, normal rates forecast for gas day 22-Aug-2018
Bacton SEAL	0	19/08/2018 22:27	20/08/2018		10	Elgin Franklin offshore production is planned to stop by 0600 hrs on the 20-Aug-2018 due to industrial action. Gas delivery of Elgin Franklin at Bacton SEAL is forecast to continue until 1500 hrs on the 20-Aug-2018. Restart of offshore flows of Elgin Franklin is not expected until midnight on the 21st. Flows at Bacton SEAL for Elgin Franklin should not be expected until Gas day 22nd August. A further message will be issued with a restart date / time of Elgin Franklin flows at Bacton SEAL.
St Fergus	0	19/08/2018 22:14	20/08/2018		2	Alwyn export is planned to stop due to industrial action. Normal rates are expected by midday 21-Aug-2018

Bacton SEAL	1	14/08/2018 15:22	13/08/2018		10	Elgin Franklin offshore production has restarted. Gas delivery of Elgin Franklin at Bacton SEAL is forecast to start from 17:00hrs today with a slow ramp up. Normal rates is expected for gas day 15-Aug-2018
St Fergus	0	13/08/2018 09:27	13/08/2018		1.6	Industrial action planned from midday today at Alwyn. Normal rates expected for gas day 14th
Bacton SEAL	0	13/08/2018 09:12	13/08/2018		10	Elgin Franklin offshore production is planned to stop this morning due to industrial action. Gas delivery of Elgin Franklin at Bacton SEAL is not expected to restart until the evening of the 14th. Normal rates are expected for gas day 15-Aug-2018
Bacton SEAL	3	25/07/2018 15:52	25/07/2018		3	Elgin Franklin delivery at SEAL has restarted and will continue to ramp up over the remainder of gas day 25-Jul-2018. Normal rates expected for gas day 26-Jul-2018
Bacton SEAL	2	25/07/2018 05:09	25/07/2018			Elgin Franklin restart process is underway. Elgin Franklin delivery at SEAL terminal has been delayed and is not now forecast to start until midday on the 25-Jul-2018.
Bacton SEAL	1	24/07/2018 18:24	24/07/2018			Elgin Franklin restart process is underway. Elgin Franklin delivery at SEAL terminal is not now forecast to start until 0100 25-Jul-2018
St Fergus	1	24/07/2018 11:55	24/07/2018		2	Alwyn rates increasing, normal rates expected for gas day 25-Jul-2018.
Bacton SEAL	0	23/07/2018 05:10	23/07/2018		10	Elgin Franklin export from the platform has stopped due to industrial action. Flows at Bacton SEAL for Elgin Franklin will reduce and are forecast to stop (for Elgin Franklin) at 1300 hrs on the 23rd July. Gas export of Elgin Franklin at Bacton SEAL is not expected to restart until the evening of the 24th normal rates are expected for gas day 25-Jul-2018
St Fergus	0	23/07/2018 04:58	23/07/2018		3	Alwyn gas export to the NSMP Terminal has stopped due to industrial action. Gas export from the NSMP Terminal for Alwyn is not expected to restart until some point during gas day 24-Jul-2018, normal rates are expected for gas day 25-Jul-2018.
St Fergus	1	17/07/2018 10:50	17/07/2018		2.3	Production has restarted
St Fergus	0	17/07/2018 06:50	17/07/2018		3.2	Plant trip
Bacton SEAL	1	15/07/2018 19:21	15/07/2018		5.8	Production from Elgin Franklin has restarted
Bacton SEAL	0	15/07/2018 14:30	15/07/2018		5.8	Production from Elgin Franklin has stopped, duration unknown at this time, investigation ongoing
Bacton SEAL	3	2806/18 21:47	26/08/2018		1	Elgin Franklin offshore rates have been steady at normal levels for a few hours now. SEAL terminal delivery of Elgin Franklin will continue to slowly increase over the course of tonight and into tomorrow to this level.
Bacton SEAL	2	28/06/2018 05:24	26/08/2018		4	Elgin Franklin rates at SEAL are slowly going to increase from the start of the gas day by 11am they are forecast to be at 6 MCM/D.
Bacton SEAL	1	27/06/2018 12:10	26/06/2018		10	Preparations to restart are ongoing, no gas export is expected this gas day from Elgin Franklin
Bacton SEAL	0	26/06/2018 14:02	26/06/2018		10	Elgin Franklin share of the delivery at the SEAL terminal will start to reduce from 1400 hrs today. The Elgin Franklin share of delivery at the SEAL terminal is forecast to be zero from midnight. Elgin Franklin gas export has stopped. Restart date and time are currently unknown. An update on restart will be provided tomorrow
Bacton SEAL	3	09/05/2018 07:04	07/05/2018	####	0	Elgin Franklin production back at normal levels.
Bacton SEAL	2	08/05/2018 06:33	07/05/2018	####	0	Elgin Franklin ramp up slower than anticipated but will continue to slowly increase. Ramp up to full rates will continue over the next 24 hours.
Bacton SEAL	1	07/05/2018 18:59	07/05/2018	####	0	Restart on Elgin Franklin has commenced and rates will increase from midnight tonight onwards. Slow ramp up to full rates expected over the next 14-15 hours.
Bacton SEAL	0	07/05/2018 05:57	07/05/2018	####	10	Due to an unplanned trip, gas export from Elgin Franklin is shut down. Restart is forecast for within gas-day 7th May.
St Fergus	4	06/05/2018 16:22	02/05/2018		0	Alwyn has restarted and is ramping up to normal levels. Third party availability issues have all been resolved. Ramp up to full production will continue over the next 13 hours.
St Fergus	3	04/05/2018 22:59	02/05/2018	####	4	Due to third-party unavailability, offshore production from Alwyn is still restricted. Laggan Tormore is ramping up to full rates. Flow rates will increase over the next 7-8 hours.
St Fergus	2	03/05/2018 22:52	02/05/2018		8	Due to third-party unavailability, offshore production from Alwyn and Laggan Tormore is restricted. Due to a partial lifting of the current restrictions caused by the unavailability of the oil export route, flow rates will increase over the next 6-7 hours, gas export from the fields will be at approximately 50% of normal levels. Also full availability of the oil export route is now forecast for Sunday 6th May 06:00hrs.
St Fergus	1	02/05/2018	02/05/2018	####	13	Due to third-party unavailability, offshore production from Alwyn and Laggan Tormore is restricted. Flow rates will continue to further reduce over the next 7 hours due to unavailability of the oil export route, gas export from the fields will be reduced to approximately 20% of normal levels.
St Fergus	0	02/05/2018 11:45	02/05/2018	####	9	Due to third-party unavailability, offshore production from Alwyn and Laggan Tormore is restricted.
Bacton SEAL	1	17/03/2018 18:19	18/03/2018			Forecast flows at SEAL for Elgin Franklin are forecast to reduce further as Stock levels rebuilt but will increase again from 2200 and be close to normal levels by end of this gas day. Estimated loss as an end of day figure 3.5 MCM. Compressor stop, Elgin Franklin production has restarted. Normal production levels for Elgin Franklin are expected by 2200 hrs tonight, stock levels have to be rebuilt in SEAL so normal delivery at Bacton SEAL terminal not expected until Gas Day 18-Mar-2018
Bacton SEAL	0	17/03/2018 13:36	17/03/2018		5	Expected to start compressor later today. An update will be given later. If no restart Elgin Franklin flows at Bacton SEAL forecast to be zero from midnight
Bacton SEAL	0	28/02/2018 08:09	28/02/2018		2	The below assumptions are based on the compressor not restarting during this gas day. It is hoped that the compressor can be restarted tonight.
Bacton SEAL	4	10/02/2018 08:01	10/02/2018		3	Gas export rates from Elgin Franklin continue to ramp up to normal levels. Normal offshore production rates are forecast this morning. Elgin Franklin has to rebuild its stock position. The Elgin Franklin share of the delivery at SEAL terminal is expected to be at normal levels by the end of this gas day.
Bacton SEAL	3	09/02/2018 23:30	09/02/2018		8	Delivery at the SEAL terminal for Elgin Franklin is forecast to start from around 0100 at a rate of 2.0 MCM/D, increasing to around 4.0 MCM/D at 0400. Rates will continue to increase. A further update will be issued during gas day 10-Feb-2018
Bacton SEAL	2	09/02/2018 07:30	09/02/2018		11	At present restart time for Gas export from Elgin Franklin is unknown
Bacton SEAL	1	08/02/2018 07:44	08/02/2018		11	At present restart time for Gas export from Elgin Franklin is unknown
Bacton SEAL	0	07/02/2018 14:20	07/02/2018		11	Bacton SEAL flows to start reducing from 15:00hrs onwards. Elgin Franklin gas at SEAL forecast to stop around 21:00hrs. Restart time is unknown at present. Elgin Franklin gas export has had to stop due to a request to stop oil export.
